Global Health **CONNECTION**

Your monthly source of Rutgers global health news, events, and resources
APRIL 2026

BE PART OF RUTGERS GIVING DAY ON FRIDAY, APRIL 24

LET'S MAKE HISTORY. LET'S SHAPE THE FUTURE.

Every community should have all the resources needed to support good health, and no person's chances of surviving a disease should depend on where they live. However, the reality is far from this ideal. All over the world, and right here in New Jersey, profound disparities negatively impact the health of people and communities.

At Rutgers Global Health Institute, working to achieve health equity worldwide is our mission. That means we focus on confronting inequities wherever they exist.

What is Rutgers Giving Day? It's our yearly moment to unite as one scarlet community, push boundaries, and reach for the future. Every gift—big or small—makes an impact. Join us on April 24!

Keep an eye on your inbox for more information about our cancer care and health equity funds and how you can support this critical work.
