

Global Health Course Inventory  
Fall 2019-Summer 2020

School	Course Number	Course Name	Location	Instructor(s)	Credits	Global Health Key Component(s)	Learner's Level	Semester	Available to students outside school or major?	Notes
Edward J. Bloustein School of Planning and Public Policy	10:832:235	Urban Health	New Brunswick (Online)	Amy Abruzzi	3	Improving Health, Achieving Equity	Undergraduate students	Fall, Spring	Yes	No prerequisites
Edward J. Bloustein School of Planning and Public Policy	10:832:240	Global Health Perspectives	New Brunswick (In Person and Online)	Fall: *Mark Robson*, Ronald Quincy, Sheila Lalwani Spring: Christopher Kovats-Bernat, Nirav Patel, *Mark Robson*	3	Improving Health, Achieving Equity, Reaching Beyond Borders	Undergraduate students	Fall, Spring	Yes	No prerequisites
Edward J. Bloustein School of Planning and Public Policy	10:832:335	Epidemiology	New Brunswick (In Person, Hybrid, and Online)	Fall: *Amy Abruzzi*, Michelle Manderski, Erick Rojas, George Vanorden Spring: Erick Rojas, Mohamed Elsaid, Lisa Gulla, *Amy Abruzzi*	3	Achieving Equity, Reaching Beyond Borders	Undergraduate students	Fall, Spring	Yes	Prerequisites: Basic Statistics and 10:832:232
Edward J. Bloustein School of Planning and Public Policy	10:832:337 x/w/10:762:338	Population Health and Urbanization	New Brunswick	Michael R. Greenberg, *Mark Robson*	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Undergraduate Students	Fall	Yes	No Prerequisites
Edward J. Bloustein School of Planning and Public Policy	10:832:404	Emerging Infectious Diseases	New Brunswick (Online)	Namitha Narayan Reddy	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Undergraduate students	Fall	Yes	Prerequisite: 10:832:335 or permission of instructor
Edward J. Bloustein School of Planning and Public Policy	10:832:405	Cancer and Society	New Brunswick (Online)	Amy Abruzzi	3	Reaching Beyond Borders	Undergraduate students	Fall, Spring	Yes	Prerequisite: 10:832:335 or permission of instructor
Edward J. Bloustein School of Planning and Public Policy	10:832:414	Culture & Health	New Brunswick	Christopher Kovats-Bernat	3	Improving Health, Achieving Equity, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Undergraduate students	Fall	Yes	No prerequisites
Edward J. Bloustein School of Planning and Public Policy	10:832:415	Women and Health	New Brunswick (Online)	Samantha Winter	3	Achieving Equity, Reaching Beyond Borders	Undergraduate students	Spring	Yes	No prerequisites
Edward J. Bloustein School of Planning and Public Policy	10:832:440	Global Public Health	New Brunswick	Fall: *Meredith Turshen*, Spring: Francis Barchi	3, 4	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Undergraduate students	Fall, Spring	Yes	Prerequisite: 10:832:240; Additional (1) credit provided for alternative spring break
Graduate School of Applied Professional Psychology	18:820:570	Psychological Interventions with Ethnic & Racial Minority Clients and Families	New Brunswick	Nancy Boyd-Franklin	3	Improving Health, Achieving Equity	Graduate students	Fall	No	Must be enrolled in an doctoral degree in Psychology (school or clinical) and have completed all school and clinical prerequisites of the doctoral degree

Global Health Course Inventory  
Fall 2019-Summer 2020

Graduate School of Applied Professional Psychology	18:820:593	Community Psychology	New Brunswick	Monica Indart	3	Improving Health	Graduate students	Spring	No	Must be enrolled in an doctoral degree in Psychology (school or clinical) and have completed all school and clinical prerequisites of the doctoral degree
Graduate School of Applied Professional Psychology	18:821:569	Psychodynamic Psychotherapy with Diverse Populations	New Brunswick	Nicole Cain	3	Improving Health, Achieving Equity	Graduate students	Spring, Summer	No	Must be enrolled in an doctoral degree in Psychology (school or clinical) and have completed all school and clinical prerequisites of the doctoral degree
Graduate School of Applied Professional Psychology	18:821:610	Health Psychology	New Brunswick	Kristen Riley	3	Improving Health, Achieving Equity	Graduate students	Fall	No	Must be enrolled in an doctoral degree in Psychology (school or clinical) and have completed all school and clinical prerequisites of the doctoral degree
Graduate School of Applied Professional Psychology	18:821:644	Multicultural Supervision	New Brunswick	Zaynab Khan	1	Improving Health, Achieving Equity	Graduate students	Fall, Spring	No	Must be enrolled in an doctoral degree in Psychology (school or clinical) and have completed all school and clinical prerequisites of the doctoral degree
Honors College	01:090:125	Honors College Forum	New Brunswick	Nirav Patel	3	Uniting Disciplines and Building Relationships	Undergraduate students	Fall, Spring	No	Only for Honors College Freshmen
New Jersey Medical School	EDUC 9033	International Medicine Elective	Rotations will not be approved for any location with a current warning level of 3 or 4 . For individual countries check <a href="https://travel.state.gov/content/passports/en/alertswarnings.html">https://travel.state.gov/content/passports/en/alertswarnings.html</a> .	*Ziad Sifri*, Harsh Sule	P/F	Improving Health, Achieving Equity, Reaching Beyond Borders	4th Year Medical Students	Fall, Winter, Spring, Summer	No	Only Open to NJMS; Student need to be enrolled in the GH Distinction program and get approval from their GH advisors
New Jersey Medical School	EDUC 9533	Global Health Elective	Rotations will not be approved for any location with a current warning level of 3 or 4 . For individual countries check <a href="https://travel.state.gov/content/passports/en/alertswarnings.html">https://travel.state.gov/content/passports/en/alertswarnings.html</a> .	*Ziad Sifri*, Harsh Sule	P/F	Improving Health, Achieving Equity, Reaching Beyond Borders	3rd Year Medical Students	Fall, Winter, Spring, Summer	No	Only Open to NJMS; Prerequisite: Completion of online cultural competency course & approval of course directors

**Global Health Course Inventory**  
Fall 2019-Summer 2020

New Jersey Medical School	SURG 9100	Global Surgery Elective	Sierra Leone, Ghana, Peru, other sites TBA	Ziad Sifri	P/F	Improving Health, Achieving Equity, Reaching Beyond Borders	4th Year Medical Students	Must coincide with planned ISHI missions	No	Only Open to NJMS; Prerequisite: Completion of online cultural competency course & approval of course director
Robert Wood Johnson Medical School	MDC 0919	International & Global Health Elective	South America, Africa, Asia, Europe	*Javier Escobar*, Karen Lin	P/F	Improving Health, Reaching Beyond Borders	1st Year Medical Students	Summer Rotations 4-8wks	No	Only open to RWJMS Medical Students
Robert Wood Johnson Medical School	MDC 8806	The Promise Clinic Continuity Elective Part III	New Brunswick	*Susan Giordano*, Karen Lin	P/F	Improving Health	3rd Year Medical Students	Blocks 1-11	No	Only open to RWJMS Medical Students
Robert Wood Johnson Medical School	MDC 9006	The Promise Clinic Continuity Elective Part IV	New Brunswick	*Susan Giordano*, Karen Lin	P/F	Improving Health	4th Year Medical Students	Blocks 1-11	No	Only open to RWJMS Medical Students
Robert Wood Johnson Medical School	MDC 9070A	Global Health Elective	South America, Africa, Asia, Europe	*Javier Escobar*, Karen Lin	P/F	Improving Health, Reaching Beyond Borders	3rd and 4th Year Medical Students	Blocks 1-11	No	Only open to RWJMS Medical Students
Robert Wood Johnson Medical School	SURG 9600	Global Surgery (Non Communicable Diseases) and Global Injury Elective in Clinical, Education, and Research Systems	Columbia, Mexico	Gabriel Herrera, Carlos Morales, *Gregory Peck*	P/F	Improving Health, Reaching Beyond Borders	3rd and 4th Year Medical Students	Blocks 10-11 for 3rd and 4th year students	No	Prerequisite: Third-year Surgery clerkship and only open to RWJMS Medical Students
School of Arts and Sciences	01:920:421:01	Seminar in Sociology: Global Health	New Brunswick	Lei Lei	3	Improving Health, Reaching Beyond Borders, Achieving Equity	Undergraduate students	Fall	Yes	Prerequisites: 01:920:311 or 01:0920:312 or 01:920:313 or 01:920:314 or instructor's permission
School of Arts and Sciences	01:506:226	Contemporary Challenges in International Health	New Brunswick	Barbara Cooper	3	Achieving Equity	Undergraduate students; Graduate students	Spring	Yes	Graduate students must register under a special number and do a major research paper
School of Arts and Sciences	16:790:512	Politics and Globalization in Theory and Practice	New Brunswick	Roland Rich	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Spring	Yes	Any Graduate Program
School of Arts and Sciences	16:790:517	Education for Global Citizenship	New Brunswick	TBA	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Spring	Yes	Any Graduate Program
School of Arts and Sciences	16:790:531	Human Trafficking and the United Nations	New Brunswick	Gulbahor Saraeva	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Spring	Yes	Any Graduate Program

Global Health Course Inventory  
Fall 2019-Summer 2020

School of Arts and Sciences	16:790:534	Human Rights and the United Nations	New Brunswick	Engy Abdelkader	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Fall	Yes	Any Graduate Program
School of Arts and Sciences	16:790:547	Extremism, Violence and Political Change	New Brunswick	Engy Abdelkader	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Spring	Yes	Any Graduate Program
School of Arts and Sciences	16:790:587	Special Topic: Public Health Infrastructures and National Security	New Brunswick	Ihab Darwish	3	Improving Health, Reaching Beyond Borders, Uniting Disciplines and Building Relationships	Graduate students	Fall	Yes	Any Graduate Program
School of Arts and Sciences	50:070:321	Death and Dying	Camden	Cynthia Clark	3	Improving Health	Undergraduate students	Spring	Yes	No prerequisites
School of Communication and Information	04:192:307	Health Literacy	New Brunswick	*Matthew D. Matsaganis*, Lisa Mikesell	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes (with SPN and prerequisites satisfied)	Prerequisite: 04:192:200 (Communication Theory)
School of Communication and Information	04:192:346	Intercultural Communication	New Brunswick	Galina Bolden	3	Reaching Beyond Borders	Undergraduate students	Fall, Spring	Yes	Prerequisites: 04:189:101, 04:192:200
School of Communication and Information	04:192:407	Health Communication	New Brunswick	Kathryn Greene	3	Improving Health, Uniting Disciplines and Building Partnerships	Undergraduate students	Fall, Spring	No	Prerequisites: 04:189:101, 04:192:200, 04:192:201, 04:192:300; Communication Major Only
School of Communication and Information	04:192:408	Health Message and Campaign Design	New Brunswick	*Matthew D. Matsaganis*, Itzhak Yanovitzhy	3	Improving Health	Undergraduate students	Fall, Spring	No	Prerequisites: 04:189:101, 04:192:200, 04:192:201, 04:192:300, Communication Major Only
School of Communication and Information	04:192:459	Patient-Provider Communication in Health Care	New Brunswick	Lisa Mikesell	3	Improving Health	Undergraduate students	Fall, Spring	No	Prerequisites: 04:189:101, 04:192:200, 04:192:300. Communication Major Only
School of Communication and Information	04:192:460	Advanced Health Communication	New Brunswick	Lea Stewart	3	Improving Health, Achieving Equity	Undergraduate students	Fall, Spring	No	Prerequisites: 04:189:101, 04:192:200, 04:192:201, 04:192:300, Communication Major Only; and either 04:189:102 or 103
School of Communication and Information	04:192:478	Family Communication	New Brunswick	*Jenny Mandlebaum*, Vikki Katz	3	Achieving Equity	Undergraduate students	Fall	No	Prerequisites: 04:189:101, 04:192:200, 04:192:201, 04:192:300, Communication Major Only
School of Communication and Information	04:567:340	Science and Health Journalism	New Brunswick	Rachel Kremen	3	Improving Health, Reaching Beyond Borders	Undergraduate students	Fall	No	Prerequisites: 04:567:205 Digital News Writing and Reporting OR 04:567:206 Broadcast News Writing. Journalism and Media Studies Major Only
School of Communication and Information	16:194:622 (cross-listed with 17:194:560)	Health Communication	New Brunswick	Kathryn Greene	3	Improving Health	Graduate students	Fall, Spring	Yes	No prerequisites

Global Health Course Inventory  
Fall 2019-Summer 2020

School of Engineering	14:125:455	Biomedical Engineering (BME) Global Health	New Brunswick	Mark Pierce	3	Improving Health; Reaching Beyond Borders; Uniting Disciplines and Building Partnerships	Undergraduate students (senior level)	Spring	No	Prerequisite: 125:401; Seniors only
School of Engineering	14:180:331	Elements of Environmental Engineering	New Brunswick	Monica Mazurek	3	Reaching Beyond Borders; Uniting Disciplines and Building Partnerships	Undergraduate students	Fall, Spring	Yes	Prerequisites: 01:160:159-160 (General Chemistry for Engineers) and 01:640:244 (Differential Equations)
School of Engineering	14:332:436:04	Personalized Biosensors for Global Health	New Brunswick	Umer Hassan	3	Improving Health, Achieving Equity, Reaching Beyond Borders, Uniting Disciplines, Building Partnerships	Undergraduate students	Spring	Yes	No prerequisites. Students with science and engineering background.
School of Engineering	14:332:436:06	Biomedical Technologies: Design and Development	New Brunswick	Umer Hassan	3	Improving Health, Achieving Equity, Reaching Beyond Borders, Uniting Disciplines, Building Partnerships	Undergraduate students	Fall	Yes	SOE Seniors
School of Engineering	16:155:571	Sustainable, Renewable, and Clean Energy	New Brunswick	Tewodros Asefa	3	Reaching Beyond Borders	Graduate students	Fall, Spring	Open to Science and Engineering Graduate Students	Students with science and engineering, and by permission from the instructor
School of Engineering	16:332:519:02	Personalized Biosensors for Global Health	New Brunswick	Umer Hassan	3	Improving Health, Achieving Equity, Reaching Beyond Borders, Uniting Disciplines, Building Partnerships	Graduate students	Spring	Yes	No prerequisites. Students with science and engineering background.
School of Engineering	16:332:579:06	Biomedical Technologies: Design and Development	New Brunswick	Umer Hassan	3	Improving Health, Achieving Equity, Reaching Beyond Borders, Uniting Disciplines, Building Partnerships	Graduate students	Fall	Yes	SOE Seniors
School of Environmental and Biological Sciences	11:020:255	Special Topics in Agriculture and Food Systems	New Brunswick	Xenia Morin	credits by arrangement	Achieving Equity	Undergraduate students	Spring	Yes	By special permission of the instructor.
School of Environmental and Biological Sciences	11:067:295	Biosecurity in Animal Agriculture	New Brunswick	Anna Hausmann	3	Improving Health	Undergraduate	Fall	Yes	Prerequisites: 11:067:142 and 01:119:116

Global Health Course Inventory  
Fall 2019-Summer 2020

School of Environmental and Biological Sciences	11:216:101	Introduction to Ecology and Evolution	New Brunswick	Suzanne Sukhdeo	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:216:309	Ecological Sustainability	New Brunswick	Suzanne Sukhdeo	3	Improving Health	Undergraduate	TBD	Yes	Prerequisites: 01:119:115 OR 01:119:103 OR 11:216:101
School of Environmental and Biological Sciences	11:216:317	Conservation Ecology	New Brunswick	Rachael Winfree	3	Achieving Equity, Reaching Beyond Borders	Undergraduate students	Spring	Yes	Prerequisites: 01:119:102, 01:119:116, 28:120:205 or 50:120:102. Contact Marsha Morin for SPN. Restricted to Juniors and Seniors. (SEBS/SAS Core Curriculum - Contemporary Challenges & Writing and Communication areas)
School of Environmental and Biological Sciences	11:216:469	Wildlife Diseases	New Brunswick	Suzanne Sukhdeo	3	Achieving Equity	Undergraduate students	Spring	Yes	Prerequisites: 01:119:102, 01:119:116, 28:120:205, or 50:120:102
School of Environmental and Biological Sciences	11:370:406	Medical & Veterinary Entomology	New Brunswick	Marc Slaff	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	Prerequisites: 01:119:101 and 01:119:102 or 01:119:115 and 01:119:116. (General Biology, General Biology I and II)
School of Environmental and Biological Sciences	11:374:115	Water and Society	New Brunswick	Daniel Van Abs	3	Achieving Equity, Reaching Beyond Borders	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:374:220	Environmental Solutions	New Brunswick	Angela Oberg	3	Achieving Equity	Undergraduate students	Spring	Yes	Open to Environmental Policy, Institutions and Behavior Undergraduate Program
School of Environmental and Biological Sciences	11:374:335	Community and Environmental Change	New Brunswick	George Clark	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:374:426	Climate Change Policy	New Brunswick	*Pamela McElwee*, Cymie Payne	3	Achieving Equity	Undergraduate students	Spring	Yes	Open to Environmental, Policy, Institutions and Behavior Undergraduate Program
School of Environmental and Biological Sciences	11:374:437	Culture and Health	New Brunswick	Peter Guarnaccia	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:374:438	Health Food Environment	New Brunswick	Peter Guarnaccia	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	Health option for students in Environmental, Policy, Institutions and Behavior Undergraduate Program
School of Environmental and Biological Sciences	11:374:462	International Environmental Law	New Brunswick	Cymie Payne	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:375:380	Tropical Environments and Society	New Brunswick	Jeffra Schaefer	4	Improving Health	Undergraduate	TBD	Yes	No prerequisites
School of Environmental and Biological Sciences	11:375:432	Special Topics: Tropical Environmental Science	New Brunswick	*Xenia Morin*, Ben Litner	credits by arrangement	Achieving Equity	Undergraduate students	Spring	Yes	(3) credits on campus and additional (1) credit study abroad in Costa Rica
School of Environmental and Biological Sciences	11:400:104	Food and Health	New Brunswick	Loredana Quadro	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites

Global Health Course Inventory  
Fall 2019-Summer 2020

School of Environmental and Biological Sciences	11:400:314	Food Science and Food Laws	New Brunswick	Karl Matthews, *Beverly Tepper*	2	Achieving Equity	Undergraduate students	Spring	Yes	Restricted to Juniors and Seniors. Prerequisite: 11:400:201 (Principles of Food Science)
School of Environmental and Biological Sciences	11:400:315	Food Sustainability	Abroad	Karl Matthews	3	Improving Health	Undergraduate	Winter	Yes	Prerequisite: Completion of 1 semester gen bio and gen chem
School of Environmental and Biological Sciences	11:628:204	The Water Planet	New Brunswick	*Robert Sherrell*, Yair Rosenthal	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:628:401	Science in Shoreline Management	New Brunswick	Karl Nordstrom	3	Achieving Equity	Undergraduate students	Spring	Yes	Prerequisites: Restricted to Juniors and Seniors. Students who have taken any earth science, bioscience or environmental science course will have sufficient background preparation. This research-oriented course will be of interest to students in geography.
School of Environmental and Biological Sciences	11:670:102	Introduction to Climate Science	New Brunswick	Anthony Broccoli	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:680:104	Introduction to Microbiomes	New Brunswick	Costantino Vetriani	3	Improving Health	Undergraduate	TBD	Yes	No prerequisites
School of Environmental and Biological Sciences	11:709:498	Nutrition and Disease	New Brunswick	Sue Shapses	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	Prerequisite: 11:709:400
School of Environmental and Biological Sciences	11:776:205	Introduction to Ethnobotany	New Brunswick	*James Simon*, Qing-Li Wu, Rodolfo Juliani	3	Achieving Equity	Undergraduate students	Spring	Yes	Prerequisites: 01:119:101, 01:119:103, or 01:119:115. Must have a general understanding of plants and plant science.
School of Environmental and Biological Sciences	11:776:225	Introduction to Horticultural Therapy	New Brunswick	*Gary Altman*, Joel Flagler	3	Achieving Equity	Undergraduate students	Spring	Yes	No prerequisites
School of Environmental and Biological Sciences	11:776:313	Medicinal and Aromatic Plants Laboratory	New Brunswick	Ann Gould	1	Improving Health	Undergraduate	TBD	Yes	No prerequisites
School of Environmental and Biological Sciences	11:776:325	Hort Therapy: Techniques and Programming	New Brunswick	*Gary Altman*, Joel Flagler	3	Achieving Equity	Undergraduate students	Spring	Yes	Prerequisite: 11:776:225
School of Environmental and Biological Sciences	11:776:390	Hemp and Medical Cannabis	CDL-110	James Simon	3	Improving Health	Undergraduate	Fall	Yes	Prerequisites: General bio, plant science 242, and intro to horticulture
School of Environmental and Biological Sciences	11:776:391	Diseases and Insects of Ornamental Plants	New Brunswick	*Ann Gould*, Richard Buckley	3	Achieving Equity	Undergraduate students	Spring	Yes	Perquisites: 11:776:302 or 11:370:381
School of Environmental and Biological Sciences	11:776:391	Weeds, diseases, and insects in production and landscape	New Brunswick	Ann Gould	3	Improving Health	Undergraduate	TBD	Yes	Prerequisites: 11:776:302 General Plant Pathology OR 11:370:381 Insect Biology OR equivalent
School of Environmental and Biological Sciences	11:776:438	Plants and Human Health	New Brunswick	Qing-Li Wu	3	Improving Health, Achieving Equity	Undergraduate students	Spring	Yes	Prerequisites: Course work in nutrition chemistry physio or other related coursework recommended

Global Health Course Inventory  
Fall 2019-Summer 2020

School of Graduate Studies	MSBS 5080S	Primer on Global Health	New Brunswick	*Javier Escobar*, Angela Gitae	2	Improving Health, Achieving Equity, Reaching Beyond Borders	1st year Master in Biomedical Sciences	Fall	No	MSBS/MBS students
School of Health Professions	BPHE 6530	International Regulatory Affairs	Newark (Online)	Barbara Gladson	3	Reaching Beyond Borders	Graduate students	Fall	Yes	Prerequisites: BPHE 5310 Clinical Trials Overview: Methods and Practice BPHE 5521 Regulatory Requirements in Clinical Investigation
School of Health Professions	NUTR 5513	Global and Public Health Nutrition	Newark Hybrid	Joachim Sackey	3	Improving Health; Achieving Equity; Reaching Beyond Borders	Graduate students	Summer	Only graduate students in the SHP ELMSCN or SPH Nutrition Concentration	No prerequisites
